

Founded in 1987, **W-3 Construction Company (W-3)** is a construction services firm that provides General Contracting, Design Build, Construction and Program Management services to school districts, religious facilities, colleges and universities, commercial, industrial businesses, and healthcare and utilities firms. We at W-3 have applied a simple philosophy listen, handle problems proactively, resolve them quickly and stay involved to assure that our projects are always on time and within budget. Our project team and our organization commitment to our clients make us the right choice for your construction needs. We turn your plans into a project reality.

Through a planned growth strategy, W-3 has successfully provided a full spectrum of construction services from pre-construction, value engineering, renovation, build to suit, new construction and build outs. W-3 is committed to total customer satisfaction. That means build a project to your specifications, to meet your schedule, without unplanned disruptions of your ongoing business.
